

LIMITED NON-DISCLOSURE, NON-COMPETE, AND OPERATING AGREEMENT

This agreement is between MAF Corporation (hereinafter “MAF”) and [REDACTED] concerning the production, marketing, and sale of M11 components. [REDACTED] will provide technical data to MAF, which MAF agrees not to use unless in conjunction with [REDACTED].

The use “in conjunction” is contemplated to be a 50/50 deal, where acquisition costs and profits are split 50/50. MAF would handle marketing and fulfillment, [REDACTED] providing technical and small parts support.

“50/50” is defined as an even split. For example, if the product costs \$1,000, MAF would pay \$500 and [REDACTED] pay \$500. If the final profit, after shipping and fulfillment expenses are subtracted, is \$1,000, MAF would retain \$500, and [REDACTED] paid \$500.

THE ABOVE TERMS ARE ACCEPTED AND AGREED TO ON THIS 27TH DAY OF APRIL, 2023 BY:

Matthew Larosiere
Président, MAF Corp.
